

BROWNSTONE

PRIVATE SECURITY

Security Officers & Patrol Services

Brownstone Private Security Officers provide personal and asset protection, loss prevention and act as a consistent deterrent for criminal/inappropriate activities.

Brownstone is able to provide expertly tailored

security officer programs for each organization's environment and objectives. Programs are implemented with industry leading technology, services, instructors and dedicated security officers.

Benefits of Having Security Officers

- Reduce risk and loss
- Observe & report
- Increase safety
- People & asset protection
- Customizable services

SECURITY OFFICERS PROVIDE 5 KEY SERVICES:

1) Reduce risk & loss: a security officer's presence is a deterrent to criminal/inappropriate activity.

2) Observe & report: security officers observe activity, document all information and report any criminal/inappropriate activity to the proper authorities.

3) Increase safety: security officers help enforce safety policies, identify safety hazards, ensure safety equipment is accounted for/working and take appropriate action in the event of an emergency.

4) People & asset protection: security officers take all reasonable and necessary steps to protect persons & property, within the limits of local and state law. This may include apprehension of suspects and the use of appropriate force when necessary and legal.

6) Customizable services: Brownstone Private Security can customize post orders per location. This may include locking up certain doors at a set time, checking in visitors, checking in vehicles, searching vehicles, and any other safety/security related activities.

What makes Brownstone Private Security Unique?

- **Responsiveness/communications:** To ensure excellent customer service and consistency, clients have access to a 24-hour dispatch line, an online portal, an executive and a primary contact.
- **Field supervisors/patrol:** Field supervisors are available 24-hours a day, 7 days a week. They are thoroughly trained to handle any situation that may arise on duty.
- **Training:** Extensive training is provided to all officers, before, after and throughout their assignments. Brownstone has many advanced classes offered at no cost to Brownstone officers.
- **Online portal:** Instantly access officer schedules, invoices, work requests and reports as needed.
- **Guard tours:** Reporting systems may be installed on client sites to track officer activities and ensure designated rounds are being completed.
- **GPS tracking:** All supervisors, patrol officers, and post commanders are tracked by GPS to ensure required activities are being correctly completed.
- **Patrol zones:** Brownstone can establish patrol zones for an officer to check in on multiple properties, without the need for an officer at each location.
- **Our workforce:** Brownstone Protective Services takes great pride in its workforce and is committed to maintaining a positive work environment. Brownstone applies a comprehensive screening and hiring process to ensure only the best officers are hired. Brownstone also offers competitive wages, excellent benefits and recognition programs to ensure growth and retain excellent employees.
