PRIVATE SECURITY

COMMANDER 3400

VERSATILE & MOBILE

The Commander 3400 powers your security, network and communications tech. It's perfect for rapid or temporary deployment and rugged enough for long-term use. Ideal for law enforcement, crowd control, military, emergency management, transportation/DOTs, education, mining, construction and more.

Key Features:

- **Fast setup, & simple operation**
Pre-wired mast, removable equipment racking, proprietary Quick Install™ hardware system and tool-less deployment.
- **Extreme stability**
Stabilization features, able to withstand the elements and adjust levels.
- **Highly configurable**
Automatic operation status with innovative MP Status Technology remote control.
- **Long deployment**
Able to operate for months between refueling.

Hybrid Power Systems:

- **Self-charging**
- **Embedded gas or diesel generator:**
 - Allows access to innovate MP Status
- **Technology, remote controlled.**
 - Able to work with other battery charging systems.
- **Solar**
- **Shore power**
- **Fuel Cell**

Options:

- **Multiple cameras, types and manufacturers:**
 - Pan, tilt and zoom (PTZ)
 - Fixed
 - Night vision and thermal
- **On-board recording solutions**
- **Remote video status monitoring**
- **Wireless communications**
- **IR illuminators**
- **LED flood lighting**
- **License Plate Reader (LPR)**
- **Alarm detection devices**
- **One-way or two-way paging**
- **Mobile mass notification sirens**
- **Many Quick Install™ mounting options**
- **Cold/hot environmental insulation package**
- **Cold environment heat recovery system**

COMMANDER 3400

SPECIFICATIONS

Trailer:

- Travel: 64" x 194" x 72" (W x L x H)
- Deployed: 90" x 139" x 36 feet
- Gross weight rating: 3000 lbs.

Tower:

- Telescoping Style Mast - Height: 36' telescoping style mast Construction: 3 section telescoping Control: 340° rotation

Support:

- 5 jack stands with adjustable outriggers

Rack Mount Enclosure:

- Capacity: 8U - 10U x 2
- Size: 19" standard rack mount 17"D x 14"H
- Environmental rating: power vented
- Mounting: 1-pin removable

Electrical:

- Standard tower cabling:
 - (6) Ethernet
 - Inverter Power – Pure Sine Wave
 - (2) Power 12/24 VDC
 - (2) Four-wire control line
- Custom configurations also available

Shore Power:

- Power source: 120 VAC 1875 watt max

Battery Power:

- 1200 Amp-hour AGM battery packs
- 110 Amp smart charge system

Solar Power:

- 200-705 watt solar package

Wind Generator:

- 600 watt package

Generator Power:

- 3000 watt diesel charge system
- 4000 watt gas charge system
- MP Status-controlled charger system
- 20 gallon fuel storage

Remote Control Status & Control:

- MP Status dashboard application monitoring:
 - Fuel level
 - Battery voltage
 - Current power usage
 - Key temperature points
 - Displays active map GPS monitoring
 - Intrusion detection reporting
 - Lighting control
 - Horns/sounders strobes control

Options:

• Communications

- Cellular, mesh network, Wi-Fi 802.11, satellite, fiber

• Power

- Shore power/charge, battery run, solar charge, generator (gas, diesel or LP) and wind generator

• Cameras

- IP, fixed position, PTZ, high definition and FLIR thermal

• Lighting

- IR illuminators, visible including LED and instant on the mid mast

• Recording

- On board video management system
- Laptop based NVR
- exacqVision
- exacqVision Edge
- Genetec
- Milestone
- Full remote access

• Computer Hardware

- Computer module, full-sized rack mount, laptop (protected in drawer), switches, routers, power control through I/O module(s)

• Vision Analytics

- Highly effective vision analytics package

• Detection Devices

- PIR, long range, microwave, laser line

• Deterrents

- Strobe lights, horns, sirens, two-way audio

• Remote Viewing

- Several packages are available upon request.

• Automation

- Allows the ability to report and take action on events such as motion detection
